Dr. Rajeev Garg
Organising Chairperson

Dear Delegates,

It is with great enthusiasm that we present the Year In Heart Failure 2025, a premier event dedicated to advancing heart failure care, organized by the Cardiological Society of India (CSI). Taking place on 20th–21st September 2025 at the esteemed Hyderabad Marriott Hotel & Convention Centre, this conclave is a convergence of healthcare professionals, researchers, and thought leaders committed to transforming heart failure management.

This two-day event is designed to bridge the gap between cutting-edge research and real-world practice. With expert-led sessions, interactive panels, and engaging workshops, the Year In Heart Failure 2025 offers an unparalleled opportunity to explore the latest global guidelines, innovative interventions, and collaborative strategies driving advancements in cardiovascular care.

As we focus on fostering meaningful discussions and equipping attendees with practical tools, we aim to shape a healthier tomorrow for patients worldwide. Let us seize this opportunity to exchange ideas, inspire one another, and create pathways for impactful change in heart failure management.

Thank you for being a vital part of this important journey.

Dr. Gianluigi Savarese
Organising Co-Chairperson

It gives me great pleasure to welcome you to the Year In Heart Failure 2025, a landmark event dedicated to advancing heart failure care, organised by the Cardiological Society of India (CSI). Scheduled for 20th–21st September 2025 at the prestigious Hyderabad Marriott Hotel & Convention Centre, this conclave is a unique opportunity to engage with the latest developments in heart failure management.

Over two days, the conclave will bring together leading experts and practitioners to bridge the gap between cutting-edge research and clinical application. Through focused sessions, interactive discussions, and hands-on workshops, you will explore global best practices, innovative treatment strategies, and collaborative models that are shaping the future of cardiovascular care.

As the conclave aims to foster meaningful dialogue and deliver practical insights, your participation is vital in helping shape a healthier future for heart failure patients. I look forward to your active engagement as we work together towards impactful and lasting change.

Thank you for being an integral part of this important initiative.

SCIENTIFIC PROGRAM HIGHLIGHTS

1 European vs. Indian Experiences in Heart Failure

Building Bridges for Better Care A dynamic roundtable session exploring the contrasting approaches to heart failure management in Europe and India. Learn from global experts.

2 Heart Failure in India: Unique Challenges & Solutions

Tackling Rheumatic Heart Disease & Pediatric Heart Failure Delve into India-specific challenges in heart failure care, with a focus on rheumatic heart disease and pediatric cases.

3 Innovations in Heart Failure Imaging

New Tools, New Insights Explore the latest in cardiac MRI and the critical role of imaging in assessing heart failure progression and management.

4 Artificial Intelligence in Heart Failure Care

The Future is Now How AI is revolutionizing remote monitoring and optimizing heart failure treatment, with real-world applications you can't afford to miss.

5 Cardiac Transplantation: Opportunities and Challenges in India

The Beat Goes On Gain insights into the practicalities of cardiac transplants in India, from pre-transplant workups to post-transplant care.

6 Advancing Treatment for HFrEF

New Strategies for a Growing Concern Discover the latest breakthroughs in managing heart failure with preserved ejection fraction (HFpEF), a condition on the rise globally.

7 Hands on Workshop

1. Leadless pacemaker implantation training
2. Hands on Experience MITRA Clip and TAVI
3. Cardiac Imaging
4. MIC : Impella, LAVD (Left Ventricular Assist Device)
5. Tricvalve

About Hyderabad

Hyderabad is a historic and vibrant city in southern India, known for its rich cultural heritage, royal past, and modern IT hub. Founded in 1591, it is famous for landmarks like Charminar, Golconda Fort, and Hussain Sagar Lake. The city blends old-world charm with urban development, offering iconic cuisine such as Hyderabadi biryani, bustling markets, majestic palaces, and world-class tech parks. With its unique mix of tradition and progress, Hyderabad stands as a dynamic center of history, culture, and innovation.

Hussain Sagar Lake

A 16th-century man-made lake connecting Hyderabad and Secunderabad, known for its massive Buddha statue situated on a rock island. The surrounding promenade is popular for boating and evening walks.

Charminar

The most iconic symbol of Hyderabad, built in 1591. This four-pillared structure marks the city's historical core and is surrounded by bustling bazaars like Laad Bazaar, famous for pearls and bangles. The opulent former residence of

Chowmahalla Palace

the Nizams, featuring Mughal and Persian architectural influences. Its grand halls, courtyards, and vintage car collection reflect the luxury of Hyderabad's royal era.

Birla Mandir

An exquisite white marble temple dedicated to Lord Venkateswara, located on a hilltop near Hussain Sagar. The temple offers stunning views of the lake and the city skyline.

Mecca Masjid

One of India's largest mosques, located near Charminar. Built with bricks brought from Mecca, it stands as a remarkable piece of Islamic architecture and heritage.

Ramoji Film City

Recognized by Guinness World Records as the world's largest film studio complex, it combines cinematic sets with theme parks and guided tours, offering an immersive entertainment experience.

Salar Jung Museum

One of the largest museums in India, renowned for its vast collection of art, sculptures, manuscripts, and antiques gathered by Nawab Mir Yousuf Ali Khan, Salar Jung III.

Golconda Fort

A grand fortress that once served as the capital of the Qutb Shahi dynasty. Known for its robust construction, royal halls, and a unique acoustic system that carried sound over long distances.

Falaknuma Palace

luxurious heritage hotel once belonging to the Nizam, known for its Italian architecture and royal interiors.
